Honor Frost, Pioneer Marine Archaeologist: Her Vision and Her Legacy

The world of maritime archaeology has changed significantly since Honor Frost began her archaeological career in the 1950s. Join us as **Dr. Lucy Blue** recounts the remarkable life journey of Honor Frost and her groundbreaking investigations of ancient shipwrecks and harbours. Frost's legacy lives on not only in terms of her research but also in her creation of the Honor Frost Foundation.

Dr. Lucy Blue

Senior lecturer at the
Centre for Maritime
Archaeology, University of
Southampton and Maritime
Archaeological Director of
the Honor Frost
Foundation, UK
